BYOD Purchasing Portal

Learning With Technologies (LWT) and JB Hi-Fi Education have created convenient BYOD purchasing portals exclusively for St Kevin's College families. These portals offer a curated selection of devices that meet our program's specifications, ensuring compatibility and seamless integration with our learning environment.

In addition to the device itself, LWT and JB Hi-Fi provide extra services such as onsite warranty and dedicated service support at the St Kevin's College IT Helpdesk.

BYOD Purchasing Portals

BYOD Portal	Portal Website	Portal Code
Learning With Technologies (LWT)	https://stkevins.orderportal.com.au/	N/A
JB Hi-Fi Education	https://byod.jbhifi.education/	STKEVINS27

Please note the following devices are not suitable

iPads, iPhones
Google Chromebooks
Android devices (tablets, mobile phones)
Ebook readers

Liability for Personal Devices

Devices brought to the College under the BYOD program remain the responsibility of the student and their parent/carer. The College accepts no liability for the loss, theft, damage, malfunction, or unauthorised access to student-owned devices while on College premises or during College-related activities. Students are responsible for the safe storage, care, and security of their devices, and parents/carers are encouraged to ensure that devices are appropriately insured. Students must ensure their devices are fully charged prior to arriving at the College each day. Please note that the College does not provide charging facilities for student devices.
